THE UNIVERSITY MEDICINES

are not patent medicines, but the favorite prescriptions of the New York Medical University, an incorporated institution of the State, and are prepared in consonance with the views of a number of distinguished living American practitioners who believe that the time has come when educated physicians should arrive and make a decisive effort to overthrow the health-destroying system of quackery prevailing in every town and city, and substitute scientice, responsible remedials—made in accordance with the principles of medical chemistry—in place of the worthless or dangerous patent medicines flooding the country.

These elegant specifics are prepared by a newly discovered chemical process, by which they acquires a reliability, efficiency and masterly power hitherto unknown to medicine. The UNIVERSITY MEDICINES are to-day sweeping the country from Maine to Mexico, becoming the leading Health Restoratives and rapidly superseding the old poisons, nostrums and nauscous drugs, and their sale is becoming cormucis. They are now regularly prescribed by nearly 1,500 physicians.

No medicines ever originated have received so many genuine certificates in so brief a space of time. We are daily receiving letters from every part of the country, from patients and physicians, recording the most astounding cures performed by these remedies. Many of these cares had been considered beyond the power of cure. We wish that we could publish these citters for the encouragement of the addicted, but a book of 1,600 pages would not contain them.

ontain them.

In order to convince the sceptical, we this day publish the following opinions, selected from many thousands voluntarily given by intelligent, respectable people, who have used the UNIVERSITY & EDUCINES themseves, or in their families, as a moral guarantee that these magnificent remedies are totally unlike the patent nostums of the hour.

SS. Personally appeared before me, this 5th day of May, 1870, J. W. Scott, Iresident; H. Hassert, Vice President; John G. Howard, Tressurer, and George Powel, Secretary of the hew York Medical University, and made outh upon the Holy Evanget of Almighty God that the following are genie, unsolited extracts, takes from original letters being daily received at the Insilattion.

I took him in hand, while all the doctors laughed at me, and considered it a good joke to attempt to cure this poor man; but, thank God, I have cured all his maindies, restored his strength, and made him a well person with the UNIVER-SITY MEDICINES.

I think, dear Doctor, that God has inspired you to bring forth remedies for the cure of His affleted children that nothing in the shape of medicines has yet approached.

SAMUEL E. GREEN.

PROFESSIONS—I received the medicine you sent in good order. My wife has been doctoring seven years for failing of the womb and received no benefit whatever.
